The Scottish Society of Jersey

The Scottish Society of Jersey was founded in 1928.

Its objectives are:

- To promote social and friendly contact amongst members
- To encourage the study and preservation of the history, folklore, language, literature and music of Scotland.
- To help members and others residing in Jersey in times of adversity.
- To render assistance to benevolent or charitable bodies which, in the opinion of the General Committee are worthy of support.

A whole range of activities and functions are organised throughout the year. They include social occasions for the whole family, a celebration of St Andrew's Night and Burns' Night. There is a traditional Burns' "Stag" Supper and a traditional Hogmanay party.

The Committee seek dance bands and guest speakers from far and wide, to liven up the proceedings.

The Society is also a member of the Burns Federation.

As a Member of the Scottish Society of Jersey, you are entitled to:

- The Blether – a regular newsletter giving details of future functions, events and other items of interest.
- Tickets for major Scottish Society functions at special prices.
- Other benefits soon to be launched.
